VISA FLEET CARD

# Transform vehicle fleet management through innovative solutions.

Give your employees the confidence and convenience of being financially covered on the road, and ensure your management teams have the information and access they need to enhance your vehicle-related operations. You can have it all with the Visa Fleet card.

## UNPARALLELED ACCEPTANCE

The Visa Fleet card offers one of the highest acceptance rates for any third-party, closed-loop, or proprietary card program among the merchants who supply fleet-related services. In fact, over **2.4 million merchants** accept the Visa Fleet card. For your company's vehicle-related fuel, maintenance, and repair expenses, Visa is the best alternative.

## INCREASED CONTROL

By using the Visa Fleet card, your company can improve program management and expense monitoring. With Visa, you have easy access to transaction, merchant, and vehicle/driver data. With the enhanced data capabilities provided by **over 236,000 fuel retailers** and **over 141,000 maintenance providers**, you receive even more detailed information, such as miles-per-gallon calculations and odometer readings, to increase your business intelligence.

## FLEXIBLE SOLUTIONS

With the Visa Fleet card, you can manage your fleet program as you need to. Choose between a dedicated fleet card program or extend your existing commercial card program to include fleet controls, and functionality for selected cards. The choice is yours.

## PERSONALIZED APPROACH

Best of all, you can customize the Visa Fleet card program to meet your organization's unique needs. From establishing tailored spending and transaction limits, and restricting usage to certain classes of goods and services by user, implementing security options such as Driver ID numbers and generating custom reports using our online information management tools, you can have the customization you need to ensure success. With the added money-saving benefits offered by Visa 24/7, including emergency card replacement, travel and emergency assistance, primary auto rental insurance, and lost and stolen card reporting, you have the confidence of knowing that you have selected the solution best suited for your organization.\*
